25X1A9a 1. Met with [REDACTED] to discuss dissemination lists of IAC, NSC, etc. papers. [REDACTED] undertook to work up revised recommended lists which, when prepared, will be sent to this office for check and approval. I set up a mechanism that will assure that in the future changes in these lists other than routine address changes will be brought to our attention and we in turn will inform OCD when we learn of permanent changes or special controls such as the present arrangements concerning dissemination to [REDACTED] for the White House.

25X1A6a [REDACTED] who is back for a short time from [REDACTED]. He mentioned the need for someone in [REDACTED] representing DD/I who could pull together the interests of O/NE, O/RR, O/SI and O/CI now there.

3. When the cable secretariat agreed through [REDACTED] to allow our ADs to release cables they, with our concurrence, excluded O/CD and O/IC, as neither had much cable traffic. Mr. Amory has been releasing O/CD cables by arrangement with them and with us. Now that Mr. Amory is moving to Admin Building, I arranged for [REDACTED] and ultimately the new AD/RR to handle this for O/CD.

4. [REDACTED] informed me that on Friday, 13 March, Mr. Dulles is having an official luncheon for the Secretaries of Army, Navy and Air, which is to be followed by a one-hour briefing to be given by Messrs. Dulles, [REDACTED]. This will necessitate our holding the IAD luncheon that day at some place other than the Director's Dining Room.

25X1A9a 5. [REDACTED] informed me that his conference with [REDACTED] had been entirely satisfactory and that they had discussed the possibility of a senior member of O/SI making a survey in Tokyo around 1 May. [REDACTED] pointed out that as [REDACTED] is extremely busy with a special project for the White House, it may be impossible for him to get away and it might be desirable to have the survey made by [REDACTED] of [REDACTED].
